

## Killington Super Bowl 3 Day Ski Trip 2020

On Friday February 28, 2020 the bus to Killington Mountain Lodge with 50 SJSC skiers in search of snow left promptly at 5 pm from Ramblewood Country Club thanks to a speedy game of packing Tetris by Chip S. & Jason T. It was a non-stop party on the way to Vermont and we arrived right on time to get a good night's sleep. Three additional skiers drove up to meet us at the lodge.

Day 1 was met with excitement as the South Jersey Ski Club packed in for breakfast. The group enjoyed a great day of skiing. Some took the mountain tour, some took the Jason T. tour and some toured on their own. After a fun day on the slopes, everyone headed back to the lodge. Several went into town and others relaxed in the hot tub.

Day 2 saw a few of our members sleeping in but still a good turnout at breakfast, ready for another full day of skiing. After a fun ski day on the slopes, club members were treated to a Super Bowl party with all the fixings minus the Super Bowl. The lodge had technical difficulties with the Fox channel reception. Lucky for us, Jim Y. saved the day and broadcasted the game with his fire stick. It's a good thing that there were no real fans of either team in attendance. The winners of the block pool were very happy. Everyone was a winner that night thanks to the Phillies.

Day 3 was our final day at the Beast of the East. Our ski day was cut short in order to pack up and head home. We grabbed our boxed lunches, took a group picture and repacked the bus in record time to be able to leave a half hour early. We enjoyed 3 movies on the way back. Thank you to everyone for making this trip a success.
