**St. Anton:** What can be said about the historic Arlberg Region of Austria, The Cradle of Alpine Skiing? St. Anton, at 4278 ft., sits in the heart of the famous Arlberg Region, an interconnected ski network among some of the Alps' most inspiring scenery. From here you will be able to ski or board non-stop for a week, going from village to village and piste to piste. With a top elevation of 9,222 ft., a vertical drop of 4944 ft., 97 lifts and 216 miles of marked trails plus thousands of acres of off-piste terrain, there is enough to wear out even the heartiest snow sport lover. Your ski pass will allow you to ski St. Anton, Lech, Zurs, St. Jakob, Stuben, St. Christoph and everywhere in-between! The brand new Flexenbahn opening in 2016/2017 will provide the final link to connect all of the villages in the vast Arlberg Region via lifts and slopes! Quintessential alpine charm and among the most advanced ski infrastructure in Europe make St. Anton a perfect vacation destination. Add a reputation for some VERY lively après ski and nightlife and that traditional Tyrolean charm to the mix and incredible memories will be made!

**Your Hotel:** the ideally located, charming and historical **3\*\*\* family run Hotel Nassereinerhof**. The hotel is located just steps away from the new Nassereinbahn gondola which will take you directly into the heart of the vast ski area. For those wishing to start in a different location, a ski bus stop is right outside the hotel. Along with its family atmosphere, the hotel offers a brand new Wellness Centre – “Alpen Spa” - , a lovely Tyrolean-style restaurant with a reputation for excellent food, and a popular underground pub, Keller Bar, providing live entertainment from 4-7 each afternoon. **PLEASE NOTE: Ski Passes are not included in the overall trip price.**

**Vienna** - After a full week on the snow, you will head to the Austrian capital city of Vienna, a city that many call The Cultural Capital of Europe. Situated on the Danube River, Vienna is a romantic city full of Habsburg Imperial squares and palaces. As the home of Beethoven, Mozart and Schubert, among others, Vienna has long been renowned for its importance in the world of music and for its breathtaking Opera House. The art museums, both classical and contemporary, are considered among the world's finest. The city is classically beautiful and easy to tour, with most of the important sights concentrated in the central pedestrian only “Innere Stadt” and along the architecturally spectacular Ringstrasse. A short distance out of the center via S-bahn train, Schonbrunn Palace is a must see destination. And, a famous Viennese coffeehouse or cozy wine cellar must be experienced at least once on a chilly winter's day. Certainly you have heard of Sacher Torte, a Viennese invention!
