

Killington 2019

We departed Ramblewood just after 5:00 Friday, a little less interested in the big game than the year before, but still excited for the adventures ahead.

Before long, the party was full swing in the back of the bus. After the usual pitstop at New Baltimore, we arrived at the Killington Mountain Lodge around 11:30. A few people continued the party in front of the lodge fireplace, but most hit the sheets to prepare for early skiing on Saturday.

Sure enough, the early crew took the local shuttle to the mountain while the rest enjoyed a slow lodge breakfast before catching our coach bus to the mountain. Morning winds closed the top of the gondola for some time, but that didn't stop our crew from enjoying a wonderful day on the slopes. As usual, some people soaked in the outdoor hot tub while others warmed up by the fireplace before heading to dinner at various locations: Italian, Mexican, and Thai seemed very popular choices.

On Sunday most members enjoyed another fabulous day on the slopes. Several members hit the hot tub again before heading to the Super Bowl party at the lodge. Sadly, we witnessed the most boring Super Bowl game ever, but we enjoyed the commercials and awarding prizes to the winners of our block pool.

On Monday we headed back to the windy slopes before making our way to the hotel for sandwiches and our group photo. Ride Along entertained some members while others partied in the back, worked, or napped on the way home.

Thanks to everyone for making this such an amazing trip! New members were welcomed, existing members reconnected, and everyone was a pleasure to have with us. We hope to see on the 2020 Super Bowl weekend trip!
